

THE CHICAGO REGION SPORTS CAR CLUB OF AMERICA SOLO PROGRAM

A fun, inexpensive and safe way of testing your driving ability and car performance. Solo events are a form of automotive competition in which one car at a time negotiates a prescribed course in the shortest possible time. The events are open to anyone who has a sports car, compact or small sedan. The only requirements to compete are a valid state driver's license and a car which will pass a safety technical inspection. Drivers compete in numerous car classes for stock street cars, modified street cars, race prepared cars and modified race cars.

THE LEARNING CURVE

Chicago Region Solo drivers school is an excellent way to learn about and become involved in Solo events. It is a two-part school that consists of a classroom session and a day and a half of on track instruction. Instruction will be provided by experienced, award winning drivers (many with National Championship credentials). Because the entry is limited to only 100 students, there will be a very favorable student/teacher ratio allowing for maximum driving time and personal instruction. The school is for novice drivers with less than one year or no solo experience. Students **must** attend both days.

WHEN: Saturday April 4 8:00AM – 5:00PM Sunday April 5 8:00AM - 5:00PM
