

SCCA Minutes from Monday, June 9th, 2008
Pompei Bakery, Oakbrook Terrace

1. Call to order - 7:04 by Ed Locke
2. Minutes from April 16, 2008 - Moved to accept by Bill Nealis and seconded by Lizz Bartalone.
3. Financial Coordinator's Report - We are \$12,000 up.
4. New people - None.
5. Old Business -
 - a. Event #2 Review - Pete Calhoun and John Engstrom set up the course even though their car was broken. The course was made easier due to bad weather. Talk was made of running the course in the dry at a later date. Some members, including Bill Crawford, expressed concern about a course with a crossover half way through. If we had a full 170 cars, the event would have taken a long time. The finish may be too fast if run in the dry. We may have been hasty in cutting the event to two four run heats. The existing radios worked, but a talk button left on may have caused some problems. The radios do not work as well on a wet day.
 - b. Weekend membership review - Bill Crawford sold three weekend memberships and had two people fill out annual membership forms at event 2. One person was surprised about the weekend membership. It would be nice to have a reminder when people sign up. We did not have this problem at Event 1 because nearly everyone had been at the school.
 - c. Event #3 - Ryan Weddle and JP will be putting on the event at Route 66.
 - d. Chairs for upcoming events - Donnie Bartlaone, Eric Tucker, and TJ Krause will chair event #4. Bill Crawford and Bill Nealis will chair Event 6 on October 11.
 - e. Anything Else? - Dave Vaccaro brought up the fact that the June 22 event conflicted with the June Sprints. Rt. 66 took away the June 21 date, and no other options are available.
 - f. Update on Radios - We have the old road racing radios that had been in storage. They may be big and use multiple batteries.
6. New Business -
 - a. Event #3 Review - Dry and warm. 140 something people out. The course was a little tight but we needed it that way for the finish. Trouble with cones being called in at the start and finish. A little bit of trouble in timing. Over all the event went well, even had six runs. Gave the new radios a chance. They were very big, some thought they would make good back up radios. We should still give them another chance so we don't have to buy new ones.
 - b. Being nice - Treat people as you would like to be treated. Be respectable. Don't just yell at somebody for doing something wrong take the time to explain to them i.e., what they are doing wrong, the right way to do it, be helpful. Especially those who have been around a while.
 - c. Added date for TSSCC - Labor Day will be a three day weekend with TSSCC taking up one of the days.
7. Announcements - Greg Meier and Erik Vandermey have tires for sale.
8. Split Pot Drawing - Tickets are forgotten, again.
9. Adjournment - at 7:36 PM Greg Meier & Pat Montello.
10. Good and Welfare - Laurie promises to never forget the computer again. Thanks to everybody who helped.
